## Momentum, but Slow Movement: The State of DIB CMMC Readiness

### Beyond the Data: Real Impact for Military Families

For the second year in a row, our annual CMMC Research Report doubled as a way to give back. To honor the service members and families who stand behind the defense mission, Redspin pledged \$10 for every completed survey response, resulting in \$1,800 raised for the Fisher House Foundation.

This campaign reflects more than generosity; it reflects our belief that supporting national security means supporting the people who make it possible. Fisher House's mission: providing no-cost lodging to military and veteran families during medical care, ensures that those carrying the weight of service don't have to carry it alone. With over 100 Fisher Houses nationwide and an A+ CharityWatch rating, Fisher House channels nearly every dollar toward real, tangible support for families in their hardest moments. Our contribution helps sustain that mission and the millions of nights of comfort, connection, and stability Fisher House provides each year.

Redspin is proud to stand with those who serve, and with the families who serve alongside them.
