

# Redspin Company Overview

## Helping You Navigate CMMC

Redspin, a division of Clearwater, is the most trusted partner for all things CMMC. Our exclusive focus on CMMC assessments, training, consulting, & managed cloud services ensures Federal Contractors achieve, & demonstrate, & maintain compliance with confidence.

By tailoring our approach to each client, we help organizations strengthen their security posture, reduce the risk of non-compliance, and safeguard Controlled Unclassified Information (CUI). Since our founding in 2001, we've been at the forefront of cybersecurity, empowering Defense Industrial Base (DIB) contractors to navigate evolving regulations, mitigate risks, and stay ahead of threats.

### THE BENEFITS

#### Understand Your Gaps

Recognize the risks & vulnerabilities in your business operations.

#### Improve Cyber Readiness

Implement safeguards to protect CUI & shore up your defenses.

#### Achieve & Maintain CMMC

Meet CMMC requirements, gain a competitive edge, and stay compliant.

### WHY REDSPIN

#### | Foundation

Born in healthcare, Redspin has a long history of tackling cybersecurity challenges in highly regulated industries.

As active collaborators with The Cyber AB, and members of The Cyber AB Standards Council, we help shape the CMMC ecosystem, keeping our services at the forefront of compliance and security best practices.

This foundation allows us to deliver robust solutions that help organizations protect Controlled Unclassified Information (CUI) and meet the DFARS and NIST requirements validated by CMMC.

#### | Experience

As the first Authorized C3PAO with the most assessment experience, Redspin is a recognized leader in the CMMC ecosystem.

Our deep expertise allows us to support organizations of all sizes from large prime contractors to small and mid-sized subcontractors by scaling our services to meet their unique needs.

We take pride in having members of the first group of CMMC Certified Assessors (CCAs) on staff, ensuring expert guidance at every step.

#### | People

Our People are the backbone of our organization, made up of experienced assessors and consultants with advanced certifications and real-world expertise.

40% of our staff are military veterans, who bring familiarity to the Department of Defense. Many on our team have also been in your shoes as DoD Contractors.

We take a collaborative approach, prioritizing teamwork and open communication to deliver the best outcomes for our clients.

---

## Our Services

---

By tailoring our approach to each client, **we help organizations navigate CMMC at every stage of their journey**, from readiness to certification and ongoing compliance. Our expert guidance strengthens security posture, reduces the risk of non-compliance, and safeguards Controlled Unclassified Information (CUI). Since our founding in 2001, we've been at the forefront of cybersecurity, empowering Defense Industrial Base (DIB) contractors to adapt to evolving regulations, mitigate risks, and stay ahead of threats.
